

We are **CIDER OBSESSED**. We want to know about every orchard, every apple and every drop. With careful and delicious research, we've sourced this list from our favourite producers in the local area and further afield to offer you a full spectrum of cider. If you'd like a taster or recommendation, ask our **CIDER MASTER**, who is a certifiable geek when it comes to this stuff. The cider doesn't end here, see what else we have at the bar.

CIDER

- W West Country** style cider uses traditional cider apple varieties, which are high in tannins giving bitterness and astringency to the cider. Proper Cider you might say.
- M Modern** style cider uses more eating and cooking apple varieties, which give more acidity, producing a fresh, crisp and light cider.
- P Perry/Pear** style cider. Perry cider will use traditional cider pear varieties whereas pear cider uses more eating pears, extracting and fermenting the pear juice just as with apples.

- F Flavoured** style cider. Is where there is the addition of either fruit, spice, herb or hop to the Apple Cider base, taking tradition in a whole different direction.
- K Keeved and Fine style** - special methods for making special ciders. Whether Keeved, Bottle conditioned, Champagnois method or vintage they all add class to the humble apple.
